ALLOWANCE

Response to Amendment

1. Applicant's Amendment filed on **19 January 27, 2011** regarding **claims 1-109** is fully considered. Of the above claims, claims 1-95, 98 and 104-109 are canceled; claims 100 and 103 have been withdrawn; claims 96 and 103 are amended.

Examiner's Amendment

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Claims 100 and 103 are to be rejoined.

Regarding **claim 96**, the recitation of "being capable of interfering" on lines 7-8 is to be changed to --being adapted to interfere--.

Regarding **claims 97 and 99-102**, the recitations of "a printing system" on line 1 are to be changed to --the printing system--.

Regarding **claim 103**, the recitation of “the system of claim 96” on line 1 is to be changed to --the printing system according to claim 96--.

Reasons for Allowance

3. **Claims 96, 97 and 99-103** are allowed.
4. The following is an examiner’s statement of reasons for allowance:

Regarding **claim 96**, no prior art has been discovered to show or suggest a printing system comprising at least one wetting apparatus operative with an ink applicator to apply a wetting composition, the wetting apparatus comprising at least one retractable bath carrying a thinner liquid, said thinner liquid operative to prevent said wetting composition from drying within said liquid applicator, said retractable bath positioned beneath said liquid applicator and operative to be retracted on demand to expose said liquid applicator to apply said wetting composition onto said surface. Therefore, in light of the disclosed prior art, it would not have been obvious for one of ordinary skill in the art at the time the invention was made to modify a printing system to comprise the wetting apparatus operative with an ink applicator as described.

Regarding **claims 97 and 99-103**, for the same reason as discussed above for independent claim 96, these dependent claims also contain allowable subject matter.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
